

Announcing the 2020 Tim Morrow Memorial Award for the Most Promising Student of Natural Health

Call for Entries

The National Health Federation is pleased to invite submissions for the 2020 Tim Morrow Memorial Award, named after the esteemed herbalist and NHF life member who not only saved lives but helped thousands of other individuals live better, healthier, and longer lives.

Sadly, Tim Morrow passed away on December 20, 2019; but the NHF Board of Governors, together with Tim Morrow's widow Evitta, jointly decided to honor his memory and remarkable contributions by inviting our loyal NHF members to submit the name (either their own or someone else's) of a worthy individual who is studying or would like to study natural health and/or health freedom, along with a brief, written reason why this individual would merit the Award and \$1,000.00 scholarship that accompanies it. One winner will be chosen every year by an NHF committee chaired by Mrs. Evitta Morrow.

NHF's Investment

We are all jointly committed to the next generation of health and health freedom leadership. Therefore, not only will the NHF create this new opportunity for advancement in health and health freedom, but NHF will offer additional mentorship and opportuni-

ties to connect with the oldest health-freedom organization in the World through learning about Codex, leading campaigns, and writing for *Health Freedom News* or one of our many other venues.

The Fine Print

Entries (name and reasons in favor of the candidate submitted) must give the full name and contact information where the individual may be reached. One submission per entrant, with submissions to be emailed to contact-us@thenhf.com with the subject line: Tim Morrow Memorial Award. The deadline

for this year's submissions to reach us is the close of business day, Pacific Time, June 30, 2020. All submissions will be acknowledged by email. The Committee will make its decision and notify the winner during the Summer of 2020.

Further Funding

Many of us owe our life's career path to someone who believed and invested in us, not only through encouragement and mentoring, but by actively funding our education. NHF invites you to give back if you have been helped in these vital ways by donating at <https://thenhf.com/join-us/make-a-donation/>. Please mark your donation as one for the Tim Morrow Memorial Award.
