

# MILLION DOLLAR CLUB

Maureen Kennedy Salaman, past President of the National Health Federation (NHF), began the Million Dollar Club to finance NHF's health-freedom battles. "Few of us will ever have \$1 million for a great cause," says Maureen. "But most of us can save \$100 a year. This is only \$2 a week – a mere 30 cents a day and with 1000 people giving, we have our \$1 million." While separate from membership dues, either given in on contribution or over a ten-year period at \$100 a year, joining the Million Dollar Club is a vital and bold statement of your belief in NHF's ability protect health and health freedom for you and your loved ones. When the contribution is received, your name name may be printed in *Health Freedom News®* from time to time, listed under your home State or Country. If you prefer to remain an anonymous contributor and not be listed in the magazine, we will honor your wish.

Join with these great supporters of the oldest health-freedom organization in the World and the only one with the power to actively shape global policy at Codex where food, beverage, and nutritional supplement guidelines and standards are set for the Planet. Do give – your life and the lives of over 7 billion individuals depend on it!
